Art Unit: 3634

1. The following is an examiner's statement of reasons for allowance:

The applicants state that claim 9 has been amended to include the features that the wire is bent by the guide part and that the guide part and adjusting member have wire connection portions and to recite that the wire connecting portions are longitudinally bent in opposite directions to hook the wire and the wire is fixed to one of the wire connection portions of the guide part and the adjusting member. The applicants further state that the wire adjusting mechanism 21 of JP '007 does not provide both a guide part and an adjusting member having oppositely bent wire connecting portions where the wire is fixed to the wire connection portion of one of the guide part and the adjusting member but instead only discloses that the adjustable member 5 has a wire connection part. The Examiner concurs with the applicants' statements and as such the sliding screen door as defined by claim 9 sets forth subject matter which is not disclosed nor fairly suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the Examiner should be directed to David M. Purol whose telephone number is (571) 272-6833.

If attempts to reach the examiner by telephone are unsuccessful, the Examiner's supervisor, Katherine Mitchell, can be reached at (571) 272-7069. The fax phone
